

**INACTIVE VOTERS
EAST BATON ROUGE
PARISH**

**LOUISIANA SECRETARY
OF STATE**

R. KYLE ARDOIN

If your name appears on the list below, your voter registration status is inactive because your registration address was not able to be verified by your parish registrar of voters during the annual canvass or correspondence sent to the address on file has been returned undeliverable. If your residential address or the address where you receive mail has changed from the address used when you registered to vote or last changed your voter registration record, please update your residential address on your voter registration record online at www.GeauxVote.com. You may also change it by mail or in person at your parish registrar of voters.

If you have not changed your address, you are currently eligible to vote but will be required to confirm your address when voting. If you do not confirm your address and you do not vote in any election between the time your name was added to the list and the day after the second regularly scheduled general election for federal office held after such date, your name may be removed from the voter registration list.

A list of inactive voters is available 24 hours a day, seven days per week online at www.GeauxVote.com.
